COMPETITION

The V Pan American CMAS Spearfishing Championship American Zone, will be held in two (2) consecutive days of competition of five (5) hours each day, and will be held in the waters off the port of Acapulco, Guerrero Mexico. That geographical area will be divided into three (3) areas that will be called "Competition Zones", two (2) primary areas for the development of competitions and one (1) reserve area if weather conditions do not allow the use of any of the primary zones. These areas are called Competition Zones. (See Attached "Competition Zones").

The Organizing Committee will randomly appoint the order of the Competition Zones prior to the start of the first day of competition.

CMAS Technical Delegate may, if appropriate, reduce the time of the competition during the development of the same, or before the beginning of the day of competition, for reasons of safety of the competitors and / or support staff, if weather conditions degrade or for any other reason that threatens the normal development of competition or if Coastal authorities so ordered.

A day of competition will be valid if it exceeds two thirds (2/3) of the pre-set time for its development.

The Championship will be valid if you have completed at least one valid day of competition.

The total suspension of any of the days of competition is strict authority of the Technical Delegate CMAS.

The suspension part-time at any of the days of competition is under the jointly authority of the CMAS Technical Delegate and the Competition Director.

Competitors may only use the boat provided by the Organizing Committee, which will be considered official. Any other means of transportation are forbidden during the test.

Each National Team participant will be provided with three (3) official boats, taking into account that these vessels will be similar with 4-stroke engine; these will be distributed equitably and assigned by draw to each team in **batches of three vessels**.

It is the responsibility of each participant National Team Captain, the distribution of vessels allocated among its athletes.

**CMAS V PAN AMERICAN SPEARFISHING CHAMPIONSHIP
Acapulco, Guerrero, Mexico 2015**

The Organizing Committee will do its best to provide a boat for Team Captains as long as the availability of them permits it. If available, a draw will be held for the allocation.

Removal of any species, by any medium, within the areas of competition, is prohibited from 14 days before the start of the competition (**on August 15, 2015**).

It is forbidden the access to competition areas the day before the first (1st) day of competition to all competitors, delegation member, curators, captains or other person associated with any of the above. It is forbidden at all times recognizing the areas of competition in **the period of 14 days of official visit** using scuba equipment or any other means other than apnea, as well as the use of underwater propulsion equipment.

COMPETITION ZONES:

Included in the attached maps.

EQUIPMENT AND MATERIALS ALLOWED:

The use of the buoy (Floating) provided by the Organizing Committee will be mandatory for the participant athletes for the development of the days of competition.

ONLY THE USE OF THESE ITEMS IS PERMITTED:

5. Snorkel.
6. Weight belt with quick-release system.
7. Gloves.
8. Underwater flashlight.
9. Fish carrier in the buoy or floater
10. Rods / Arrow spare parts, hooks and gaffs.

**CMAS V PAN AMERICAN SPEARFISHING CHAMPIONSHIP
Acapulco, Guerrero, Mexico 2015**

11. Watch depth gauge or dive computer.
12. Sounder.
13. Fish locator.
14. Wetsuit, for skin protection. (We suggest using 0.5 mm or 1.5 mm although most athletes will have enough with Lycra suit).
15. Cava, Refrigerator or Ice is recommended to keep the catch fresh.
16. Radio Communication and / or phone.
17. Global Positioning System (GPS).

In cases of any dispute or protest all GPS units on the involved athlete's vessels will be collected and inspected.

*** Athletes are responsible for keeping their units activated in the tracking system.**

MANDATORY EQUIPMENT:

Use safety equipment regulated by the Navy of Mexico and Harbor Master in each boat at all times. The mandatory equipment during training sessions and competition include:

- Personal flotation vests as required by the relevant authorities 1 per crew in each boat.
- Diving knife.
- Dive Flag "RED with WHITE stripe."

During fishing trips as well as for exploring the areas during the official period of 14 days before the event **is strictly forbidden:**

1. Explosive tips, luparas, and / or any device with explosives.

**CMAS V PAN AMERICAN SPEARFISHING CHAMPIONSHIP
Acapulco, Guerrero, Mexico 2015**

Specifications of the dive flag:

- Definitions: The minimum size of a dive flag displayed on a ship or other structure is 20 X 24 inches (50 x 60 cm) and must be red with a white diagonal stripe.
- The flags on buoys or floats must be at least 12 x 12 inches (30 x 30 cm) and rise at least 15 inches (32.5 cm) above the water until its lower edge.
- Any person operating a ship or vessel in waters other than a river mouth or navigation channel is bound to make the effort required to maintain the distance of at least 300 feet (100 meters) of any dive flag (flag diver-down) deployed.
- Any vessel other than lawman or rescue boat, approaching within 300 feet of a dive flag displayed on the water, is obliged to proceed at a speed no greater than necessary to maintain maneuverability of the boat moving.

"For all practical purpose and effects of the V Pan American Spearfishing Championships, in case of any violation of these rules during the days of competition, the athlete will be disqualified."

METHODS OF CONTROL:

Each athlete will receive an official numbered buoy at the time of registration, the use of this buoy is mandatory during the days of competition; the athlete cannot go more than twenty-five (25 m) meters or eighty-two (82 ft) feet from the same.

The Organizing Committee will provide numbered sacks for storing the captured pieces, they will be sealed by the commissioners and delivered in the area ready for collection at the end of the day of competition, or at the time the athlete voluntarily decides to retire for the day, it will take place in the same manner previously notifying the CMAS Technical Delegate and / or the Competition Director. The boats will be identified by numbers and images corresponding to the number and the country's flag athlete participant aboard that vessel, as set out in the CMAS General Regulation.

TEST DEVELOPMENT:

Leaving the pier designated, and followed by the boats of the athletes, the Director of the Competition will authorize the movement of boats and competitors to the meeting point in the center of the competition area, once there will indicate the beginning and end of each test by an audible and visual signal.

The movement of vessels during the development of the test in the competition area should be careful keeping distance with the other athletes and buoys according to Mexican law.

At low speed, lower than 3 knots, in the radius of 25 m / 82 ft where an athlete is found, changing fishing spots must be carried out prudently outside the safety line set up for this purpose by the Organizing Committee.

**CMAS V PAN AMERICAN SPEARFISHING CHAMPIONSHIP
Acapulco, Guerrero, Mexico 2015**

When approaching a place previously occupied by another athlete should ask the commissioners for the accurate location of the competitor to the said corresponding vessel.

COMMISSIONERS AND JUDGES

Any situation not covered by these rules shall be resolved according to the International Rules of CMAS Underwater Fishing.

- The unforeseen cases will be analyzed and resolved in the first instance by the International Competition Jury.
- In case of a tie or no majority agreement, it will be the CMAS Technical Delegate who must decide.
- The Commissioners on the competitor's vessels must ensure full compliance with competition rules and regulations and provisions issued by the jury.
- Except for the host team; a commissioner for each athlete of the participating countries will be appointed.
- The commissioners on vessels of host team shall be appointed by the CMAS Technical Delegate of the competition at the Captains' meeting, among those attending, with national or international federation license which are not affiliated to the host team.
- The Commissioners for the Team Captains and the competitors' vessels will be appointed by the Organizing Committee.

The judge / commissioner must:

- Stay on the athlete's boat throughout the development of the test, monitoring the normal development of the competition according to the regulations of the V CMAS Pan American Spearfishing Championships CMAS Zona America and Spearfishing Regulations.
- Take note of any violation to the rules and inform the Technical and Managing Director of the competition.
- Ensure that the vessel meets the safety standards established in the regulations and other provisions agreed by the Organizing Committee.
- Check, seal, and present the competitors' sacks with the catch before the Technical Delegate and Competition Director at the end of each day of testing.
- The commissioners must imperatively be present during the weighing

**CMAS V PAN AMERICAN SPEARFISHING CHAMPIONSHIP
Acapulco, Guerrero, Mexico 2015**

Athletes cannot leave the competition area at any moment during the test. If they do, the athlete will be disqualified.

In case of physical exhaustion, or other forcing factor the athlete may withdraw from the competition by announcing in the first instance the accompanying commissioner and this in turn to the Technical Delegate and Competition Director.

During the competition, the official boat will have color-coded flags:

RED: Emergency / Urgency

WHITE: End of competition

GREEN: Request mechanical assistance

White flag and sound signal, the competitor must immediately stop the fishing, and board the boat. If you must stay in the water for any reason you must remove the mask from your face until you reach the boat and board it.

SCORE (CALCULATION OF POINTS)

The calculation of the score of each competitor after each day will be obtained in two phases:

PHASE 1: Traditional Points (P.T.)

The amount of points earned for catches in groups, will be calculated by adding one (1) point for each gram of valid piece plus the set bonus.

PHASE 2: Percentage Points (P.P %)

The total score of each athlete will become percentages (percentage %) by reference to the score rated with the highest score of each day of competition.

The athlete who gets the best score will be credited with one hundred percent (100%) and the scores of subsequent competitors percentage will be calculated based on the numerical score obtained by the first classified . The percentage values are rounded to the third decimal.

Calculation Formula:

$$\frac{\text{Daily Score for each athlete}}{\text{Highest Score of the day}} \times 100$$

The maximum weight for the score of any piece will not have limit.

There will be a prize for the biggest piece.

The classification of each day of competition will be calculated by points according to the regulations.

**CMAS V PAN AMERICAN SPEARFISHING CHAMPIONSHIP
Acapulco, Guerrero, Mexico 2015**

BONUS:

- Each valid piece will have a bonus of one thousand (1000) points.
- Each different species will have a bonus of one thousand (1000) points.
- There will be bonus of one thousand (1000) points for completing the indicated share in each group.

VALID SPECIES:

Permitted species are grouped into 4 groups
Minimum weight per sample: Group 1: 500 gm.
Minimum weight per sample: Group 2: 1 kg.
Minimum weight per sample: Group 3: 2 kg.
Minimum weight per sample: Group 4: 4 Kg.

A penalty will be imposed for all fish 2/3 lower of the minimum weight of each group.
Catch limit is indicated on the map of the species.

The maximum overall weight score is 12,500 grams, the total weight computed for a possible prize for the biggest piece.

PENALTY:

- Any piece which does not reach the two-thirds (2/3) of the minimum weight for its category, will generate a penalty (negative points) equal to the minimum weight allowed for it.

For a catch (1pz) exceeding the set limit number of pieces, will be void and removed the two pieces of greater weight and their correspondent bonuses.

- If a competitor exceeds two (2) or more pieces of the catch limit, all the pieces in this day of competition will be disqualified.

All catch that is not on board the vessel at the time of finishing the round of competition is not considered valid piece.

FINAL CLASSIFICATION:

Individual classification: Will be determined by the sum of total expressed percentage of the two (2) days of competition. In case of tie will be decided by the athlete with greater number of valid pieces.

Nations Classification: To be determined by the sum of the percentage scores of the two days of competition for all athletes representing their nation.

REGULATORY FRAMEWORK:
